## SUCCESSFUL

Was the Parent-Teacher Entertainment Last Evening At the High School Building.

The Parent-Teacher Association of the First District school held an open session in the auditorium of the high school building last night at 7:30 o'clock. A large and highly entertained audience was present. The program was spicy, varied and short, winding up with a buffet luncheon served by Caterer Traxel, who knows how.

The Maysville Saxophone Trio furnished delightful music. The high school boys and girls danced and sang most charmingly.

Those faithful workers, who have this cause in hand, Mrs. George T. Barbour, Mrs. Clarke Rogers, Miss Lottie Berry and their assistants, certainly deserve help, encouragement and compliments. The money from this entertainment goes towards furnishing a lunch each day for the pupils.

## POLICE COURT.

The following cases were disposed of by Judge Whitaker in Police Court yesterday afternoon:

Alexander White was dismissed on a drunk charge.

John Murphy and Ed Collins, charged with getting off a moving railroad train within the city limits, were fined \$10.50 each.

D. Moore was fined \$6.50 on a drunk and disorderly charge.

Philmore Dodson was fined \$6.50 on a drunk charge.

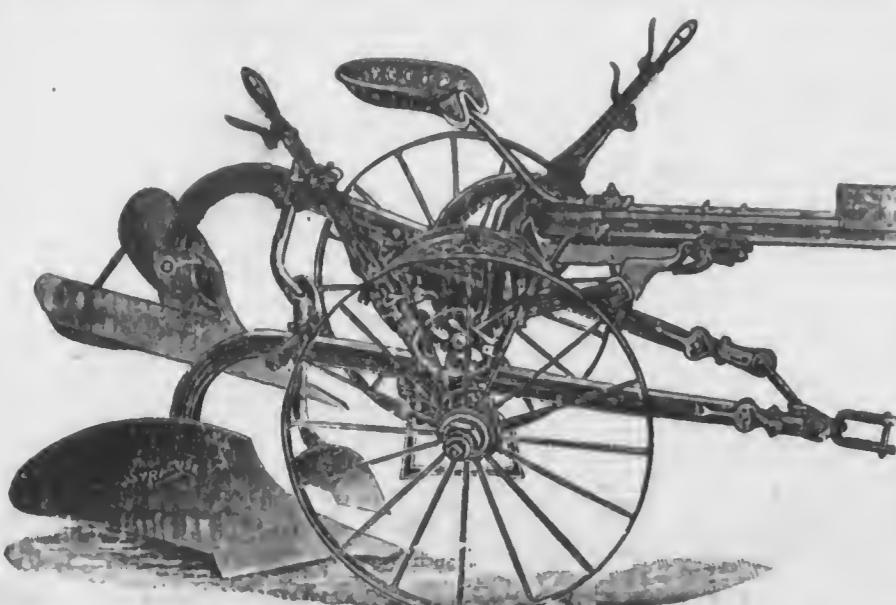

The case of Lee Johnson, colored, charged with bootlegging, was continued until this evening at 7 o'clock.

L. & N. PUTS BIG ENGINES INTO COMMISSION.

Two new engines, of the consolidated type, capable of pulling two hundred tons more than the engines now in use on the road, have been placed in commission by the Louisville and Nashville road on this branch of their service. Two other engines of the same class will shortly be placed on the road.

Mr. Fred Williams, of West Second street, who suffered a stroke of paralysis Friday night, continues critically ill.

Hats and furnishing goods must be closed out. Prices at cost and less. SIMON NELSON.

## MRS. FRANCES ORT

One of Maysville's Old and Respected Residents and Charter Member of First Baptist Church, Passed Away Yesterday Afternoon.

Mrs. Frances Ort, one of this city's old and most highly respected residents, died yesterday afternoon about 2 o'clock at the home of her daughter, Mrs. Robert Davis, in Forest avenue, after an illness of several years of a complication of diseases. Decreas was 84 years of age, having been born in this city in March, 1831. The most of her life has been spent in this city where she has made scores of friends by her lovely Christian character. She was a charter member of the First Baptist church and always has her life been a joy to her family and a blessing for her Master.

She is survived by two daughters, Mrs. Robert Davis of this city, with whom she made her home, and Mrs. William Stapleton of Memphis, Tenn., one son, Mr. Thomas Ort of Vancouver, and one brother, Mr. William Etheridge of Louisville, all of whom were at her bedside when the end came. Her husband, Mr. William Ort, preceded her to the grave 11 years ago. The funeral service will be held at the First Baptist church tomorrow afternoon at 1:30 o'clock. Interment in Maysville cemetery.

Messrs. Ross Owens and George Burrows were Carlisle visitors yesterday in the interest of the D. Hechinger clothing company.

Dr. Charles W. Attkin of Flemingsburg was a visitor in the city Sunday en route home from Cincinnati.

Ripley was shocked last night about 10 o'clock when the report went out that young Richard Stivers, son of President Robert J. Stivers of the Citizens National bank, had committed suicide.

Young Stivers had been away to school and home on the C. & O.'s Maysville Cincinnati accommodation train last night, and so we are informed, he got off the train at South Ripley and, going down to the ferryboat, got on and handed the hotel porter his grip, went back in the cabin and shot and killed himself.

No further particulars. The Stivers family is the wealthiest family in Brown county.

THE CASEY SALE TODAY.

The attention of the public is called to the advertisement of the sale of farm implements, etc., of County Demonstrator A. M. Casey, in The Public Ledger. The sale takes place on the Casey farm near Washington, this afternoon at 1 o'clock. A big crowd will be on hand.

BROKE NOSE WHILE PLAYING BASKET BALL.

Mr. Giles Rice, son of Mr. and Mrs. Jeff Rice of East Second street, had the misfortune to fall and break his nose while playing basket ball at the high school yesterday. Dr. A. O. Taylor was called and dressed the broken member.

TO MEET TONIGHT.

The Women's Missionary Society of the Third Street M. E. Church will meet with Mrs. J. M. Lateral at the parsonage in Wall street this evening at 7 o'clock.

MISS VIOLET GRAHAM, Sec.

INVITATION TO MEET TONIGHT.

All juniors and the Sunday School Board and teachers of all departments of the Sunday school of the Christian church are cordially invited to a social given in the junior rooms from 7 until 9 this evening.

JAMES IRELAND IMPROVING.

Master James Ireland, 11-year-old son of Mr. and Mrs. James Ireland of West Second street, who was operated upon for appendicitis last week at Haywood Hospital, continues to improve.

APPOINTED SPECIAL JUDGE.

Judge C. D. Newell left this morning for Morehead where he will act as special judge in a case in the Rowan Circuit Court, his having been appointed by Governor McCreary.

SCIADALE-WILSON.

George A. Schadale, aged 28, and Edith L. Wilson, aged 18, both of this county, were granted a marriage license here yesterday and will be married in this city tomorrow.

LADIES' AID SOCIETY.

The Ladies' Aid Society of the Christian church will meet tomorrow afternoon at 2 o'clock with Mrs. Harry Buckley in Forest avenue.

The city of Bellefontaine, O., again voted dry.

## WASHINGTON'S SINS.

In a Washington birthday address Champ Clark, Speaker of the House, made the following statement:

"Somebody may object that Washington occasionally drank mint-julep, bet on a horse race, danced the Virginia reel and at Monmouth swore because Charles Lee spoiled the plan of battle by retreating when ordered to charge," the Speaker said, "but we must judge men by the manners and customs of the times in which they lived and not by those of our times. In Washington's day nearly all men drank mint-juleps, occasionally danced, bet and swore without any consciousness of sin. Washington was thoroughly human and no doubt sometimes sinned. I am glad he did sometimes sin, for it shows we belong to the same breed that he did which is a great honor to the rest of us."

Commenting on this paragraph, the Norfolk Ledger-Dispatch says that "there were better men and less crookedness before the business of being my brother's keeper enlisted the serried ranks of general reformers."

It is curious, and also highly interesting, to note how eagerly the weakness of great men is seized upon to bolster up the cause of laxity. Mr. Clark says, "I am glad Washington did sometimes sin," and the Norfolk Ledger-Dispatch chimes in with a fling at what it terms "general reformers."

The company that assembles under the banner of sin and misery is almost countless, embracing probably at one time or another every human being on earth. But the members of this company are not always alike.

A vast number of them are glad that others fail. In the downfall of their fellow men, they have peculiar comfort. In the upholding of their fellow men they have bitterness of spirit and an endless array of spleenetic ideas.

A vast number of others are glad when men succeed. They rejoice over beauty and character, exult in the advancement of human opportunities, and believe in the growth of purity and goodness.

Between these two factions, if such we may call them, there is a wide difference. Every man and every newspaper can enroll himself or itself for one side or the other. If he be glad that others sin, he will rejoice because of the misery that we all endure. If he grieves that others sin, and believes that men can work sincerely for righteousness, he will glory in the goodness and virtue and love that in reality exist all around him.—Roanoke (Va.) World-News.

## CUMMINS AND PROHIBITION.

Cummins for President; Iowa for prohibition; Cummins for national prohibition. So far so good. Now we shall see how much farther the favorite son can go. It is already clear, however, that the temperance question is going to play a leading part in the next Presidential contest, and the candidate who side-steps will share the fate of Hancock, who called the tariff a local issue, or of Parker, who took the nomination and then kicked away the platform.—Philadelphia Ledger.

## DON'T EVEN THINK WAR.

Talk about anything and everything but war. No discussion of war problems ever makes a convert. Much foolish passion can be held in check by side-stepping the European tragedy. In such affairs it should be remembered that—

"Of problems there are many kinds;  
And many men and many minds;  
So each a different answer finds,  
And contradicts his neighbor."

Carter Harrison and Theodore Roosevelt have not much in common politically, but they ought to be able to get together on the proposition that a pitcher may go to the well once too often.—Kansas City Journal.

## POORLY-PAID PUBLIC LIFE.

If every lawyer in the country had an annual income equal to the amount of money paid annually, directly or indirectly, to the attorneys-at-law in the Sixty-third Congress, fortunately just ended, the annual income of lawyers would aggregate at least \$1,250,000,000. The direct cost to the country, in money paid out, of the members of the Senate and House of Representatives is more than \$7,000,000 a year. That sum does not include the more than \$5,000,000 spent for public printing and binding, representing in large measure so-called activities of members of the two Houses. It includes salaries, mileage, payments to members' clerks and other perquisites, amounting in all to about \$10,000 each a year. If the Sixty-third Congress spent, or 66 per cent, of the 434 members of the House of Representatives, and 73, or 79 per cent, of the 96 members of the Senate, were graduates of the law. Their aggregate salaries were \$2,730,000, and other payments to or for them, which a practicing attorney would include in his income, aggregated \$910,000, a total of \$3,640,000. How many of the 364 graduates of the law in Congress could have possibly earned in legitimate practice of their profession \$10,000 a year? Else why are they willing to draw Congressional salaries and perquisites? Yet President Hadley of Yale University, thinks there is a possibility of men starving in public life.—Baltimore Record.

## FOR DIVERSIFICATION IN TEXAS.

More than 10,000 entries have already been made in the prize crop and gardening contests of the Texas Industrial Congress for the year 1915. The contestants live in all portions of the state, and have enrolled of their own initiative in many cases, and in other cases have joined in the work of the congress upon the presentation of its aims by a representative or by a citizen of the community.

## YOU MAY KILL PEOPLE, BUT NOT CITIES.

"A city," says the London Chronicle, "is hard to kill;" and instances the fact that Paris has survived eight sieges, ten famines, two plagues and one fire that devastated it. Rome has been overswept with pestilence ten times, has been burned twice, and six times has been starved into surrender. Constantinople has suffered nine conflagrations, four plagues and five sieges.

## MANY GOOD BOYS IN THE LAND.

At the International Sunday School Convention, held in Chicago last June, Marion Lawrence, the general secretary, reported that there were now in North America 175,685 Sunday schools with 1,690,739 officers and teachers, and 16,750,297 pupils, making a total of 18,441,036.

## THE MODERN PIRATE.

Sailing the high seas has become as perilous again as it was in the exciting days of Captain Kidd. To sink a merchant ship with all on board was piracy then. Now it is civilized warfare. Thus the world progresses—like a crab.—Portland Oregonian.

The Hartford Courant accuses Secretary Redfield of trying to squirt prosperity out of a psychological popgun.

The ship purchase bill is interned until the end of the war—and after.

## Just Jokes

### The Only Cure For Warts.

A miserable imposter is said to be traveling over this country selling a receipt for taking off warts, wheneverbody knows the only way to take off a wart is to rub it with a potato which is afterwards to be buried by a red headed colored man in the northeast corner of a graveyard at midnight in the dark of the moon. As the potato decays the wart will disappear.—Bethany (Mo.) Clipper.

### What the Stork Does With All the Red Heads.

Born, Monday night, to Steve Manley and wife, near Reynoldsburg, a pair of red-headed girls. A similar thing happened in Mr. Manley's family once before and while Mr. Manley is not on the best terms with the stork, he was in the Outlook office Tuesday and seemed to be standing the ordeal like a hero.—Owings (Ky.) Outlook.

### Making History.

A suffragette was laying a corner stone.

"What shall we put under it?" was the question.

"Samples of the current coins," was suggested.

"No," declared the leader. "The men used to do that. We'll put a hobble skirt, a bunch of puffs and style book for 1915."—Courier-Journal.

### Safety First.

She—George, dear, here's a scientist who says the earth is wobbling on its axis. What do you suppose they can do about it?

George (absently)—Open up the noller, reverse the lever, shut off the power, lubricate the bearings and tighten the wheel cap.—Cleveland Plain Dealer.

### Wake Up, Bill.

Patience—"Will says when he kissed you last night he noticed you'd been eating onions."

Patrice—"Well, all I've got to say is that a man who will notice onions on a girl's breath when he's kissing her hasn't got his mind on his business."

### Sure.

Mr. Rudyard Kipling was once asked by a woman if he did not think it strange that sugar is the only word in the English language where "s" and a "t" come together and are pronounced "sh." Mr. Kipling's eyes twinkled as he answered, "Sure."

### Working Both Ends.

"Talk about your high finance! Eddie Smith's ma give me ten cents to drown his dog 'n' I'm goin' to sell it to Eddie's brother for eight cents."

### So He Did.

### Where Work Comes From.

"Mr. Work, Fawn River."—Card of Michigan man.

### FOR DEAR TEACHER.

Dear teacher, are your arithmetic classes scattered all through the hook, no two pupils in the same place? If they are, it is a bad knock on your teaching ability.

What does a superintendent think of a teacher who never attends a teachers' meeting? Will the superintendent be likely to work himself into nervous prostration to get that teacher a school or a certificate?

The easiest way on earth for a teacher to fail to make a success is to slight her job. Any one can be reasonably successful if willing to work hard and full time, but the school room is, most emphatically, no place for a lazy person.

### LITTLE SERMONS.

The fat man doesn't mind it so much if you call him portly.

Marrying a girl with money is the easiest get-rich-quick scheme.

And some people's charity is confined to the distribution of lemons.

Our idea of an eccentric man is one who attends strictly to his own business.

### BAD FOR THE TEETH.

(Bourbon News.)

Misfortune never comes singly. Both Elizabethan dentists, leaving town for several weeks, left boozes as the only convenient remedy for toothache, and how dozen or more bootleggers have been forced to suspend operations.

Secretary Daniels issued orders that no member of the navy should under any circumstances resile the civil authorities.

H. R. Steeves, arrested in Miami by his father-in-law who suspected him of being an escaped convict, has been freed.

## AS TO KNOWLEDGE.

In a country neighborhood a highly educated persons is one who can secure a certificate permitting him to teach school.—Fairmount West Virginian.

We know of a great many city neighborhoods where they would be hard put to find a person with so much knowledge.—Parkersburg Sentinel.

And there will be found many liberally educated persons in every community who would be utterly unable to obtain such a certificate, or to ake even a fairly creditable showing in the ordinary teachers' examination.—Huntington Advertiser.

We venture to suggest that there are many persons whose heads are crammed with knowledge who would not make good teachers even if this burden of knowledge obtained for them No. 1 certificates. The same rule applies to the liberally educated."

The more art of teaching is an art in itself and knowledge is merely an adjunct, although a very necessary one.

Observation and experience have shown that some very highly educated persons have not made brilliantly successful teachers; while others, not so liberally equipped, had more dexterity and success in the vocation, because they had the gift.

No mechanical examination, as these examinations must be—can be relied upon absolutely to disclose the teacher, although they go a long way, and are the best practical way we have yet discovered by which to test the qualifications of the teacher.

However, one must admit the pertinency of the observation of the Fairmont West Virginian, which newspaper started all this commotion, that "in a country neighborhood a highly educated person is one who can secure a certificate permitting him to teach school," expressing the fact that the teacher's certificate in itself is accepted as a prima facie evidence of knowledge.—Charleston Mail.

### ALICE, WHERE ART THOU?

Pennsylvania passenger train No. 6 carried more than her usual share of celebrities Sunday morning. Two show troupes—the "High Rollers," and the cast of the "Story of the Rosary"—were carried from Cincinnati. Kitty Gordon and Nick Longworth also were passengers traveling east.—Neuia (O.) Gazette.

### PAST AND PRESENT.

Those who compare the age in which their lot has fallen with a golden age which exists only in their imagination may talk of degeneracy and decay; but no man who is correctly informed as to the past will be disposed to take a morose or desponding view of the present.

### WE LOVE OUR TEACHER.

We haven't decided yet who is going to teach our school, but all the girls are in hopes that Mr. Hubert Jones will be willing to teach again as they are all so fond of him.—Bowling Green (Ky.) Messenger.

### SPRING STYLES IN MONUMENTS.

## OUR LIMITLESS POSSIBILITIES.

In this country 100,000,000 people are living in a land whose natural resources begin all description, where coal and iron and oil and gas and granites and marbles and phosphate rock, sulphur and many other minerals are found in quantity such as nowhere else is known to man. There, too, are cotton and wheat and corn and barley and oats and rye; here are millions of live stock--to serve mighty armies in their death grapple, but to minister unto the work and the substance of a hundred million people living in peace.

Here is the strategic geographical location of all the world, giving us as to no other nation advantages and facilities for world trade. Even though we would not selfishly seek our own advancement at the expense of warring nations, they are driving us into world trade to care for world needs. We are forced to step out into world affairs to maintain the trade and commerce upon which civilization depends.

Here is the only great nation equipped for business, in all the world, not at war. It is an amazing situation. It means that in the not distant future, as soon as the first rude shock of battle is over, that we must vastly increase our output of farm and factory products to supply the needs of many millions who will be compelled to look to us for these things. It means that we must help to straighten out the finances of many lands who have heretofore depended upon Europe, and thus concentrate in our own country world influencing financial power.

Every man in this country will have new and larger opportunities, every factory will have a broader market for its output, and every industry in the land should thrive as never before.

Look up and see the sunrise--Manufacturers' Record.

## COLDS AFFECT THE KIDNEYS

Many Maysville People Have Found This to Be True.

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys.

Grateful people recommend them.

A. Sorries, locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches--if your kidneys bother you, don't simply ask for a kidney remedy--ask distinctly for Doan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. Foster-Milburn Co., Dept. B, Buffalo, N. Y.

## BLAME WILSON

For Condition of the Nation--Hilles Takes Part in New York Conference.

New York.—Chairman Charles D. Hillies of the Republican National Committee, in a statement at the conclusion of a conference here with a number of manufacturers, merchants and business men, announced that the present business situation had been discussed and the decision reached that not until a Republic is returned to the White House can there be a return of prosperity. Chairman Hillies said there was no chairman and the meeting was informal. Hillies denied that any candidates for President in 1910 were discussed.

Mr. Hillies said those present talked the situation over and arrived at the decision that President Wilson by his administration of national affairs had plunged the country into the condition in which it now finds itself. Hillies asserted that the administration now has a deficit of eighty millions and this will be increased "to no one knows what amount" when the war tax expires and export duties further decrease.

James R. Reynolds, secretary of the National Republican Committee, who also was present at the conference, said he and Hillies were invited and did not call the meeting.

## OUR DAILY BIRTHDAY PARTY.

Here is what Greeley wrote:  
Dear Sir—I am overworked and growing old. I shall be sixty next February 3. On the whole, it seems I must decline to lecture henceforth, except in this immediate vicinity, if I do at all. I can not promise to visit Illinois on that errand—certainly not now. Yours, HORACE GREELEY, M. B. Castle, Sandwich, Ill.

And here is how the lecture committee read it:

Sandwich, Ill., May 12.  
Horace Greeley, New York Tribune:  
Dear Sir—Your acceptance to lecture before our association next winter came to hand this morning. Your penmanship not being the plainer, it took some time to translate it; but we succeeded, and would say your time, "third of February," and terms, "sixty dollars," are perfectly satisfactory. As you suggest, we may be able to get you other engagements in this immediate vicinity. If so, we will advise you your respectfully, M. B. CASTLE.

## 20,000 FRENCH SCHOOL TEACHERS AT FRONT.

Twenty thousand of the 50,000 school teachers of France are in the army and the frequency with which they are cited in the orders of the day has been marked. Even those who remain with their classes are contributing in an original way to the support of the army. They require their pupils to bring to school at least once each week two potatoes, two carrots, two turnips or other vegetables to be devoted to provisioning the military hospitals. No child is allowed to bring more than two, in order that no jealousies may be created.

The object is not so much to assure a supply of food, as to teach the children generosity and let them feel that they are filling their role in the war. It has also had a leveling effect between the different classes. From the department of the Deux Sevres in one day more than 60,000 vegetables were thus collected.

A business with an income at its heels.

Furnishes always oil for its own wheels.

## OUR GREATEST WARSHIP.

Washington, March 10.—Declared to have no equal afloat as a first-class fighting machine, the battleship Pennsylvania, the largest warship ever built in the United States, will be launched next week from the yards of her builders at Newport News. The Pennsylvania is a sister ship of the Arizona, now building. The two vessels are of the super dreadnaught type. They will carry main batteries of 12 14-inch guns, six forward and six astern, in addition to secondary batteries of 22 5-inch guns. The two vessels will include numerous features new to naval architecture and equipment. The cost of each of the big warships will be close to \$15,000,000. When the Pennsylvania slides down the ways she will be christened with the traditional bottle of wine by Miss Elizabeth Kolb of Germantown, Pa., who was selected by Secretary of the Navy Daniels to perform the ceremony.

The fact that one's ancestors came over in the Mayflower isn't much of a distinction. If the ancestors had amounted to anything they wouldn't have been on the Mayflower.

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. Foster-Milburn Co., Dept. B, Buffalo, N. Y.

## WAR CLAIM OF \$37,351

Allowed After Fifty Years—Was For Two Crops of Sugar Confiscated By Federal Forces.

One Hundred Years Ago Today. 1815—Napoleon's advance towards Paris was practically unopposed. Large masses of troops deserted the royal standard, and everywhere Napoleon was greeted with cries of "Long live the Emperor."

Seventy-five Years Ago Today. 1840—The Twenty-sixth Congress, in session in Washington, consisted of a Senate of 52 members and a House having 242 regular members and 3 delegates. (The Senate of the Sixty-fourth Congress will have 96 members and the House 435 members.)

Fifty Years Ago Today. 1865—The Due de Morny, a conspicuous figure in the political and social life of France during the Second Empire, died in Paris. Born there, October 23, 1811. His parentage was purposely involved in mystery, but he was generally believed to have been a half-brother of Louis Napoleon.

Twenty-five Years Ago Today. 1890—The Blair Common School Fund, calling for an immense appropriation to be distributed among the states in proportion to their illiteracy, was defeated in the Senate.

Mr. Hillies said those present talked the situation over and arrived at the decision that President Wilson by his administration of national affairs had plunged the country into the condition in which it now finds itself. Hillies asserted that the administration now has a deficit of eighty millions and this will be increased "to no one knows what amount" when the war tax expires and export duties further decrease.

James R. Reynolds, secretary of the National Republican Committee, who also was present at the conference, said he and Hillies were invited and did not call the meeting.

### BY SMOOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years with pains in my left side, and would almost smother to death.

Medicines patched me up for awhile, but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic

SUPREME COURT ANNULS TWO-CENT PASSENGER RATE.

Washington, March 8.—The West Virginia two-cent passenger rate law was annulled as unconstitutional today by the Supreme Court as to the business of the Norfolk and Western railroad company.

In announcing the court's decision, Justice Hughes said in part as follows: "It is clear that by the reduction in rates, the company is forced to carry passengers, if not at or below cost, with merely a nominal regard, considering the volume of the traffic affected. We find the state exceeded its powers in imposing it."

The new British pension plan will cost the government nearly \$1,725,000,000 before the last pensioner dies.

## LATEST WAR BULLETINS

Washington, March 9.—A warning has been sent by the United States to General Carranza, demanding an improvement of conditions in Mexico City. Diplomats familiar with the contents of the note which American Consul Silliman has been instructed to present to General Carranza interpret it as an entire change of policy on the part of the Washington government toward the Mexican situation.

The communication was drafted after conferences between President Wilson, Secretary Bryan and Counselor Lansing. It contained the strongest representations that ever have been made to Carranza and indicates that the American government is losing patience with his indifference to the obnoxious acts of General Obregon at Mexico City.

Another Great Battle Raging.

London, March 8.—The center of interest on the eastern front has again shifted with the announcement from Petrograd that a great battle is progressing on the left bank of the River Vistula to a point to the west and also to the southwest of Warsaw.
